PROFESSIONAL SUMMARY

Integrated M.Tech Software Engineering student at VIT-AP University (CGPA: 8.37) with hands-on skills in SQL, Power BI, Microsoft Excel, and data analytics. Experienced in building end-to-end dashboards and performing business analysis across sales, customer churn, HR, ecommerce, and financial domains. Seeking Data Analyst and Business Intelligence internship opportunities.

TECHNICAL SKILLS

Languages & Databases: SQL, PostgreSQL

BI & Visualization: Power BI, DAX, Power Query, Data Visualization, Dashboard Development

Productivity Tools: Microsoft Excel (Pivot Tables, Charts, Formulas)

Core Competencies: Data Analytics, Data Modeling, Business Intelligence, Data Cleaning & Transformation, Analytical Problem-Solving

PROJECTS

Global Superstore Analytics Dashboard

Power BI | DAX | Power Query

- Built an interactive dashboard using 10,000+ records to analyze sales, profit, customer behavior, and regional performance.
- Developed KPI cards, YTD metrics, maps, and profitability insights using DAX and Power BI.

Customer Churn Analysis Dashboard

Power BI | DAX | SQL

- Created a multi-page dashboard to analyze customer churn, retention trends, and customer segmentation.
- Identified churn drivers and provided business recommendations for customer retention.

HR Analytics Dashboard

SQL | Excel | Power BI

- Performed employee data analysis using SQL and Excel.
- Built dashboards to analyze attrition, salaries, workforce demographics, and employee performance.

Bank Loan Analysis

SQL | PostgreSQL

- Analyzed loan portfolios and repayment behavior using joins, subqueries, CTEs, and views.
- Generated insights on customer borrowing patterns and loan performance.

Excel Sales Dashboard

Microsoft Excel | Power Query

- Designed an interactive Excel sales dashboard with dynamic charts, KPI cards, and slicers.
- Enabled managers to monitor performance and spot trends at a glance.

Ecommerce Sales Analysis

SQL | PostgreSQL | Excel

- Analyzed ecommerce transaction data using SQL to uncover bestselling categories and seasonal demand spikes.
- Delivered actionable insights on customer purchase behavior for retail strategy.
